

## Structure

- The **Nebula Space Consortium** underwrites business on behalf of Lloyd's of London Syndicates through two Consortiums, both are lead and managed by **Ascot Syndicate 1414:**
  - Nebula Space Consortium 7682 (Worldwide)** [LPSO Registered Consortium No. 7682]
  - Lloyd's Insurance Company S.A. Nebula Space Consortium 7683 (EEA)** [LPSO Registered Consortium No. 7683]
- **2024 Capital Providers for both Consortiums are:**  
ASC 1414, NSM 2358, WBC 5886, BEA 4242, ASL 1955, ARK 4020, MKL 3000, GIC 1947, FLX 1985

## Why Nebula Space?

- We are recognised globally in the Space insurance market, both by brokers and clients, for our Space underwriting and technical risk expertise
- We lead business, offer policy advice and provide access to significant capacity, backed by 100% Lloyd's security

## Underwriting Criteria

- We adhere to technical underwriting based on proprietary, sophisticated modelling techniques
- We make disciplined underwriting decisions based on expected failure rates and identifiable margins

## Target Businesses

- Launch vehicle flight only
- In-Orbit only
- Post-Separation only
- Launch plus In-Orbit (combined)
- Launch Relaunch Guarantee

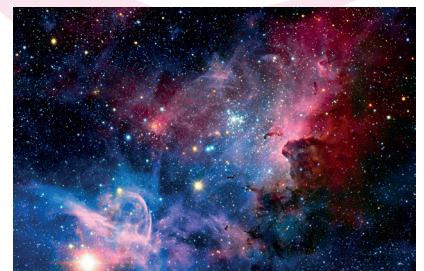

## Benefits

- Written up to 36 months in advance of Launch
- Policy period can be up to 18 months
- Administration and claims fully managed by Ascot

## Maximum Line

USD 35,000,000

Any One Launch / Satellite
